

THE BLAIRMORE ENTERPRISE

VOL. XIX, NO. 5.

THE BLAIRMORE ENTERPRISE, THURSDAY, FEBRUARY 23, 1928.

\$2.00 PER ANNUM

CANMORE WINS SERIES

OFFICERS PINCHER CREEK LODGE, B.P.O.E. INSTALLED

Canmore repeated their Canmore victory here on Monday night by a similar score. The game was handled by Doc Barbour, of Bellevue, and was witnessed by about eight hundred fans. The score was three to six, leaving the score for the round 6 to 12. The lineups were as follows:

Canmore—Riva, J. Blaskin, J. Jerry, Shiron, Wright, D. Mackie; subs: A. Jerry and Joe Blaskin.

Blairmore—Hornquist, Manson, F. Vejprava, W. Johnson, A. Vejprava, F. McKay; subs: Vangostinen and Dickey.

Ten years ago the costumes the girls now wear on the streets were used on the bathing beaches. In view of the increasing traffic problem it is hoped that ten years hence the street costumes will not be patterned after the present-day feminine bathing suit.

TOWN COUNCIL SUPPORTS JUVENILE HOCKEY FUNDS

The officers of Pincher Creek Lodge No. 125, B.P.O.E., were installed by D. M. Leyden, D.D.G.E.R., on Wednesday night last, as follows:

Exalted Ruler—J. J. Kettles.

Leading Knight—R. R. Buchanan.

loyal Knight—Alfred Pelletier.

Lecturing Knight—H. Levesque.

Secretary—A. H. Taylor.

Treasurer—Gordon Gregson.

Inner Guard—Colin Hedrick.

Tyler—Thomas McIntee.

Trustee for three years—Thomas Yates.

BLAIRMORE LEGION JUNIORS LOSE OPENING GAME

The first regular meeting of the 1928 town council took place on Monday night, with Mayor Farmer and Councillors E. Morgan, A. E. Ferguson, M. Hamilton, W. Patterson and W. McVey present.

Meers: Ferguson, Morgan and Patterson were duly sworn in as councillors.

The minutes of previous regular meeting were adopted as read.

A draft of committees submitted by the mayor was approved with two minor changes. The committee of the council for the year are as follows:

Waterworks—McVey, Morgan, Hamilton.

Electric Light—Patterson, Hamilton, Morgan.

Public Works—Hamilton, Sartoris, Ferguson.

Police—Morgan, Patterson, Sartoris.

Relief—Ferguson, Sartoris, McVey, Finance—Morgan, McVey, Patterson.

The first named in each case is chairman of committee.

A deputation from the Juvenile Hockey Club waited upon the council for a grant towards the funds of the club to assist them in financing travelling expenses in connection with the club's provincial play-offs. The council granted \$50 for this purpose.

By Law No. 105, appointing an auditor for the town and school district, received three readings and was finally passed, with Mr. E. D. Battum, of Calgary, receiving the formal appointment as auditor for the ensuing year.

Upon motion by Councillor McVey, Councillor Hamilton was appointed deputy mayor for the ensuing three months.

Question asked by Councillor Morgan, in behalf of the Blairmore Local Union, as to whether all candidates for election in the recent contest were qualified as required by the Towns' Act, disclosed the fact that two of the candidates were not so qualified.

A number of accounts were passed for payment.

Secretary Kelly was granted four days leave of absence.

SUCCESSFUL CONCERT AT HILLCREST

On Friday evening, February 17th, the choir girls of St. Theresa's church, Hillcrest, presented a concert and dance in the Miners' Hall. The concert numbers, twenty-one in all, were sufficiently varied to make an enjoyable entertainment. Snappy choruses in costume were very well received. The acting and reciting of some of the very little people were charming. Nearly every number took so well that the audience compelled encores by prolonged appreciation.

Those taking part in the concert were: Betty Stuchbury, Reeca Fumigali, Betty Ironmonger, Ettie Price, Annie Lipnick, Josie Norton, Agnes Truba, Connie Robinson, Peggy Richards, Vincente Cassagrande, Katie Podgorik, Lorna Balkwill, Irene Belopotsky, Maggie Truba, Margaret Lesson, Eileen Jones, Mr. Rees, Tony Lesson, Johny Sharetti, L. Belopotsky, Eddie Senion and Willie Panik.

The music and accompaniments were supplied by Mr. and Mrs. Percy Salt and Mr. Marc Piard, while the concert was directed by Mrs. Salt.

The affair was held in aid of the organ fund of the church, and about \$80 was realized.

Dancing was indulged in to finish up the evening's entertainment.

The big dance held in the Union hall at Frank on Monday night was successful in every particular, a large sum being realized for the benefit of August Weber.

JURY RETURNS VERDICT OF ACCIDENTAL DEATH

The jury impaneled to inquire into why and by what means M. F. Baird, a C.P.R. brakeman, came to his death, returned the following verdict on Friday last:

That the deceased, Malcolm F. Baird, came to his death on Thursday afternoon, February the 16th, 1928, in Blairmore hospital, from shock caused by injuries accidentally received through being run over by the work extra 5301 on the passing track in the Hillcrest yards, while carrying out his duties as a C.P.R. trainman.

The game comprised: R. W. H. Pinkney, foreman; C. B. Barrell, William Evans, Fred Emery, Ed. McDonald and D. A. Howe.

ST. LUKE'S CHURCH, BLAIRMORE

Service Sunday, February 26th—Holy Communion at 11 a.m.

Thursday, March 1st—Evening Service at 7:30. Address on "Life of Christ."

All those who wish to be confirmed this year, please meet at 7 p.m. on Thursday, just previous to Evensong.

A. D. CURRIE.

Johnny Cicconi is a patient at the local hospital.

Mr. A. J. Kelly is a business visitor to Edmonton this week end.

Inspector Field, of the R.C.M.P., has been promoted to the rank of superintendent of the force at Dawson City and will leave on Monday to take charge. Mrs. Field will not join her husband until May as it is necessary to make the trip in this time of year by dog team. During their residence of two or three years in Fernie, the Fields have made many friends who regret their departure. —Fernie Free Press.

BLAIRMORE LEGION JUNIORS AGAIN PROVINCIAL CHAMPS

By defeating the Edmonton Athletes in the two-game series here last week by a score of eight to four, the Blairmore team for the third year became provincial champions in "B" class.

Both games last week were exceedingly fast and the local boys outclassed the visitors in almost every stage of the two games. Particularly were they the stronger back-checking.

The gate receipts for the two games amounted to upwards of \$500, which is far larger than would have been had were the games to be played in either Calgary or Edmonton.

Solid white gold with a diamond, \$85.

GRUEN Creations set with diamonds

To the fine timekeeping qualities of Gruen watches the beauty of diamond settings has now been added.

Combining dependability with daintiness, there are many delightful Gruen wristlets set with diamonds, obtainable for as little as \$85.

HEALTH

The Greatest Asset You and Your Family Possess. Why Neglect It? ILL-HEALTH—Your Greatest Liability—WHY CULTIVATE IT?

Wampole's Tasteless Preparation of Cod Liver Oil will safeguard you and your children against the dangerous signals of ill-health. The greatest medical authorities in the world advocate the use of PURE COD LIVER OIL for the treatment of wasting diseases, particularly where there is a tendency to chest weakness or lung trouble. It is easily digestible, being easily digested and rapidly assimilated. It restores the wasted cells, gives warmth and renewed energy, and increases weight more rapidly than any other remedy. FOR THAT STUBBORN COUGH IT HAS NO EQUAL.

For convalescents, weak or growing children, a marked difference can be noticed after the use of one bottle.

WORLD HAPPENINGS BRIEFLY TOLD

The visit of Their Excellencies Vis-
count and Lady Willingdon to the
Pacific coast will take place late in
April.

Repairs destined to prop up the
famous Leaning Tower of Pisa will
be undertaken shortly under the su-
pervision of the Ministry of Edu-
cation and Fine Arts.

Commander C. T. Beard, R.C.N.,
will command the Champlain, and
Lieut.-Commander R. I. Agnew,
R.C.N., the Vancouver, the two new
Canadian cruisers.

The population of British Columbia
in 1926 was estimated at 563,000, ac-
cording to the annual report of vital
statistics for that year, tabled in the
Legislature.

Hon. Gerald William Lascelles,
brother of the Earl of Harewood and
uncle of Viscount Lascelles, husband
of Princess Mary, died recently in his
79th year.

Richard Kearton, noted naturalist
whose writings and photographic
close-ups of bird and animal life are
widely known, died at his home in
Surrey, England, aged 65.

inauguration of a Federal subsidy
to railways for carrying Canadian
coal from British Columbia to On-
tario and Quebec is sought by Charles
Woodward, Liberal, Vancouver, in a
resolution moved in the legislature.

The Moscow municipal council and
other authorities are considering the
launching of a "bicycle loan." The
proceeds would provide large masses
of Soviet citizens with reasonably
priced home made bicycles.

Secretary of War Davis has an-
nounced he will ask Col. Charles A.
Lindbergh to refrain from all stunt
flying as his life is too valuable to
aviation and the country. He will not
ask Lindbergh to give up flying alto-
gether.

Japanese to the number of 475
were admitted to Canada during the
fiscal year 1926-27. Of this number
115 were adult males, 250 adult
females, and 110 children under 18.
This information was given in answer
to a question in the House of Com-
mons.

Banff's Famous Hot Springs
The hot springs near Banff in Rocky
Mountains National Park, Alberta,
are among the most important of
their kind to be found on the Ameri-
can continent. The total flow of the
five chief springs is about 40,000 gal-
lons per hour or approximately 1,000,
000 gallons per day.

Lois—"Meet me at the station at
6 o'clock."

Bill—"Fine. What time will you be
there?"

ASTHMA STANDARD REMEDY

For 55 years Dr. Guild's "Green
Medicine" has been the most

Protecting B.C. Fruit Crop

Counter-Parasites Are Being Import-
ed Into Orchard Regions
Bug will fight bug this season to
protect the Okanagan fruit crop from
destruction. Counter-parasites are be-
ing imported into the orchard regions
in a campaign to decimate the codling
moth and earwig.

The counter-parasites, according to
E. R. Buckle, provincial entomologist
at Vernon, will be obtained from
Wenatchee, Wash., the United States
government having offered to co-
operate fully with the British Colum-
bia authorities. Parasites natural to
the codling moth and earwig have
done effective work in the past, al-
though they have to be handled with
a great deal more care because of the
danger of introducing secondary pests
with them.

Unless the codling moth is sup-
pressed, growers fear that it may
bring about destruction as extensive as
in the state of Washington, where
losses due to the activity of this pest
were \$5,000,000 in 1926. Eight hun-
dred carloads of apples were classed
as culms in the Yakima district
for same reason.

Pleased With Visit

Kellogg Says Ottawa Visit Was
Most Enjoyable He Ever
Spent

Secretary of State Frank B. Kel-
logg, on his return to Washington, from
his trip to Canada, said he never
enjoyed a visit more in his life.
Speaking of his reception at Ottawa,
the secretary said that while Cana-
dian hospitality was proverbial the
manner in which he was received by the
governor-general, Viscount Wil-
lingdon; the prime minister, Rt. Hon.
W. L. Mackenzie King; and the
chancery and members of parliament,
had gone beyond his anticipation.

"Indeed I was delighted," said

Baird. "It was a splendid demonstra-
tion as far as the subjects on this
side were concerned. These tests are
merely try-outs of the unlimited tele-
vision possibilities of the near future."

"It was the greatest thrill of my life when Mr. Baird told me my image had been seen on the other side of the Atlantic." Mrs. Howe said.
"The glare and heat of the electric lights bothered me only a trifle—I was too thrilled at the novelty of it all to think of the temporary discom-
fort."

FAACES ACROSS THE SEA

Image Of Woman Transmitted
By Television For First
Time

New worlds were opened up when
faces were flashed across the sea by
television in a way which was never
foreseen even by Jules Verne in all
his fanciful imagination. For the very
first time the image of a woman was
sent across despite the fact she left
her position in front of the transmitter
a few seconds to glance in a wall
mirror to make certain her hair had
not become mussed in the excitement.
Dummies and men's faces had
been flashed across in previous tests but
never a woman. John L. Baird, inventor of the television explained
he had difficulty in finding a woman
willing to attempt to sit still for
twenty minutes or half an hour. The
transmission was accomplished from
Baird's Television laboratories in
London, direct into the receiving
station at Hartsdale, New York, which
had been rigged up for the occasion.

Baird himself was the first sitter
before the transmitter. Afterward,
W. C. Cox, of the London Press As-
sociation sat for half an hour. Re-
ports came back from the United
States that Fox was showing up well.

Then Mrs. Howe, wife of James
Howe, of the London Bureau of the
Associated Press, took her seat in
front of the seventeen glaring incan-
descents lamps, of 300 candlepower
each.

Baird was as excited as a boy when
he heard detailed reports of the re-
ception in the United States of the
image of Mrs. Howe.

"Indeed I was delighted," said

Baird. "It was a splendid demonstra-
tion as far as the subjects on this
side were concerned. These tests are
merely try-outs of the unlimited tele-
vision possibilities of the near future."

"It was the greatest thrill of my life when Mr. Baird told me my image had been seen on the other side of the Atlantic." Mrs. Howe said.
"The glare and heat of the electric lights bothered me only a trifle—I was too thrilled at the novelty of it all to think of the temporary discom-
fort."

MANY MOTHERS RECOMMEND THEM

Baby's Own Tablets Are Fine
For Nervous, Sleepless
Children

From Canada the fame of Baby's
Own Tablets is spreading over the
world. Many recommend them to
other mothers and whenever they are
tried nothing but words of praise are
heard for these pleasant tasting lit-
tle tablets that promptly relieve the
miseries of childhood.

Baby's Own Tablets are one of the
best remedies for children's ailments
I have ever used," says Mrs. Arthur
Allen, of New York. "My 10-year-old
girl was nervous and could not sleep.
I tried the Tablets and she was relieved
at once. She was also troubled
with constipation, but nothing helped
her until I had her take the Tablets
but a short time before her bowels were
regular. All mothers should
keep Baby's Own Tablets in the house
for they are safe and effective."

Baby's Own Tablets are sold by all
druggists or will be mailed on receipt
of price, 25 cents per box, by Dr.
Williams' Medicine Co., Brock-
ville, Ont.

Federal Grants For Fairs

Policy Of Government Should Be
Better Defined

Western members of parliament are
in receipt of telegrams almost daily from
constituents in regard to the
federal grants to class B fairs, and
there is every indication that the
policy of the government in this
regard will be a subject of keen con-
troversy in the present session.

The difficulty arises out of the
manner in which the grants are given.
Some fairs receive assistance and
others do not, and the government
hitherto has declined to base the as-
sistance upon any principle. Western
members declare that the grants
should be given to all fairs which can
qualify as class B, or discontinued
entirely.

Don't dose a Child's Cold

CONTINUAL doses irritate children's delicate stomachs.

Vicks is applied externally, and therefore cannot disturb the digestion. It acts in two ways:

(1) The body heat releases the ingredients in the form of vapors which are inhaled.

(2) At the same time Vicks "draws out" the soreness like a poultice.

The Fall Of Trotzky

Frances the Cruel Punishment Of The Old Autocratic Government

There are many ironies in the exile of Trotzky to Siberia.

The irony is the irony that he who next only to Lenin, was the main creator of the Soviet regime, is now crushed and rejected by it.

The irony is the irony that in facing Siberian exile, he faces the cruel punishment which every Russian liberal for a century has vowed to end.

And there is the final irony that the world at large will take the exile of Trotzky all sorts of valuable lessons of the kind which neither he nor the Soviet tyrants will want it to take. — New York Post.

"Good Lord, man, you're crazy! They were dandy dogs?" What in thunder will you do to want to shoot them for—I thought you were a real dog man."

"No one will ever abuse my dogs. I wanted to be sure, that's why. I gave the Ransom's a horse, and they promised to care for Cleo as long as she lives. What will you give me for the horses? Be quick now!" He had no time to argue—he was going on the train that day.

"One hundred dollars for the whole thing," said one of the men.

"Very well," said the Englishman, "I'll take it. Be good to them."

He went to the boarding house for dinner, where he was the centre of curious eyes, for the story of his wild intention was known. When he had eaten a hasty meal he stood up suddenly and broke into speech.

"Boys, you are wrong," he began, in going on mining coal and thinking you do not need to hear the call your country has sent out. The British Empire is threatened, her enemies are at our gates. Belgium, a little country, has been violated. While you sit here, villages are burning, women are screaming—and the Germans are marching triumphantly on. Have you no pride, no manhood?"

I know the Germans—they have been getting ready for years. Lord Roberts told the Empire to be ready—it was coming—but they went on like you—business as usual!"

He paused here, overcome with emotion. One or two of the men laughed, the others regarded him silently. Crazy Englishman! Crasier than ever!

"Well, say, looka here," began Bill Larsen, "what are you gettin' all het up over, I'd like to know." Bill, although the proprietor of the "Grande Pacific," a hotel licensed to sell malt and spirituous liquor, and presumably a place of refreshment for man and beast, made no pretence of supplying meals even for himself, but took the monthly rate from Mrs. McMann. "What's blin' in it? Go yourself if you want to—who's holdin' you back?—but what's the call for abusin' 'em because we don't want to stand up and stop bullets. My old granddad fought in the American War, and he got his fill of it. I'll say—look an eye out for a hundred dollars a month of a pension from a greatful country! It don't look like a safe proposition. How do you know who's right? Your British Empire wasn't so darned right when he had the little run-in with the United States. How do you know she's right this time?"

(To be Continued.)

Islands Make Final Payment

Final contributions of Jersey and Guernsey to the cost of the great war have been received in London. Jersey's contribution amounted to £300,000, and a cheque for that amount was received at the Treasury. Guernsey's cheque was for £200,000, and was received at the Home Office. The two sister isles made simultaneous final payment by previous arrangement between themselves.

A poet has discovered perpetual motion. The magazine editor send him back as much as he sends them in motion.

The motorist has the right-of-way and the pedestrian has what's left.

LESSON No. 16

Question: Why do growing children, particularly girls, need emulsified cod-liver oil?

Answer: Growing children, and particularly girls, need vitamin-rich nourishment to help them through critical stages of extreme tax on their strength.

Pleasantly flavored, easy to take, children like

SCOTT'S EMULSION

Goodwill Tours To Europe

Members Of Parties Will Take Own Cars and Motor Through Europe

A friendly feeling between Canadian and European motorists which in turn, will be transmuted to a much more cordial atmosphere on the two continents will, it is hoped, be engendered as a result of two personally conducted "goodwill" tours to Europe this summer organised by the White Star Line under the official auspices of the Montreal Motorists' League, it is stated in an official announcement by the White Star Line.

A novel feature of the tours will be that those going to Europe with these parties will take their own cars and motor through Europe and Great Britain.

Wherever they go receptions will be arranged in the principal cities and it is anticipated that the Touring Club of France, and the Automobile Association of Great Britain, with which the Montreal Motorists' League is affiliated, will tender official receptions to the parties and, in this way play their part in promoting goodwill between Europe and the North American continent.

Already there have been inquiries from Whipple, Vancouver, Toronto, and several cities in the United States, concerning similar tours, and with the announcement of these tours in the United States it is expected that there will be a regular string of requests from American motorists.

One of the principal ideas underlying these parties is to persuade Canadian and American motorists, who already have much in common, to travel across the ocean together and, by personal contact with motorists in Great Britain and in Europe, build up a firmer feeling of friendship between the people on the two continents.

The first party, with their own cars, will sail from Montreal on the White Star liner "Majestic," on July 26, and return from Liverpool on the White Star liner "Calgary," on August 31.

The second group will sail from Montreal on the White Star liner "Albertic" on September 6, and return from Southampton on the same steamer on October 20.

Both these parties will follow practically the same itinerary, running at Hove and London, thence to Brussels and the Canadian battlefields by way of Neuve-Chappelle, Amiens, Doullens, Arras, Vimy Ridge, the Somme, Lille, Tourm, Mons, Cambrai, St. Quentin, Compiegne to Paris, where several days will be spent, then by way of Chateau Thierry, to Reims, Verdun, Luxembourg, and Treves, Cologne, Aix la Chappelle, Brussels, Antwerp, Amsterdam, The Hague, Rotterdam, and then by steamer to Harwich from where the party will make a circular tour of England and Scotland.

The third party will follow practically the same itinerary, running at Havre and London, thence to Brussels and the Canadian battlefields by way of Neuve-Chappelle, Amiens, Doullens, Arras, Vimy Ridge, the Somme, Lille, Tourm, Mons, Cambrai, St. Quentin, Compiegne to Paris, where several days will be spent, then by way of Chateau Thierry, to Reims, Verdun, Luxembourg, and Treves, Cologne, Aix la Chappelle, Brussels, Antwerp, Amsterdam, The Hague, Rotterdam, and then by steamer to Harwich from where the party will make a circular tour of England and Scotland.

The third party will follow practically the same itinerary, running at Havre and London, thence to Brussels and the Canadian battlefields by way of Neuve-Chappelle, Amiens, Doullens, Arras, Vimy Ridge, the Somme, Lille, Tourm, Mons, Cambrai, St. Quentin, Compiegne to Paris, where several days will be spent, then by way of Chateau Thierry, to Reims, Verdun, Luxembourg, and Treves, Cologne, Aix la Chappelle, Brussels, Antwerp, Amsterdam, The Hague, Rotterdam, and then by steamer to Harwich from where the party will make a circular tour of England and Scotland.

The third party will follow practically the same itinerary, running at Havre and London, thence to Brussels and the Canadian battlefields by way of Neuve-Chappelle, Amiens, Doullens, Arras, Vimy Ridge, the Somme, Lille, Tourm, Mons, Cambrai, St. Quentin, Compiegne to Paris, where several days will be spent, then by way of Chateau Thierry, to Reims, Verdun, Luxembourg, and Treves, Cologne, Aix la Chappelle, Brussels, Antwerp, Amsterdam, The Hague, Rotterdam, and then by steamer to Harwich from where the party will make a circular tour of England and Scotland.

The third party will follow practically the same itinerary, running at Havre and London, thence to Brussels and the Canadian battlefields by way of Neuve-Chappelle, Amiens, Doullens, Arras, Vimy Ridge, the Somme, Lille, Tourm, Mons, Cambrai, St. Quentin, Compiegne to Paris, where several days will be spent, then by way of Chateau Thierry, to Reims, Verdun, Luxembourg, and Treves, Cologne, Aix la Chappelle, Brussels, Antwerp, Amsterdam, The Hague, Rotterdam, and then by steamer to Harwich from where the party will make a circular tour of England and Scotland.

The third party will follow practically the same itinerary, running at Havre and London, thence to Brussels and the Canadian battlefields by way of Neuve-Chappelle, Amiens, Doullens, Arras, Vimy Ridge, the Somme, Lille, Tourm, Mons, Cambrai, St. Quentin, Compiegne to Paris, where several days will be spent, then by way of Chateau Thierry, to Reims, Verdun, Luxembourg, and Treves, Cologne, Aix la Chappelle, Brussels, Antwerp, Amsterdam, The Hague, Rotterdam, and then by steamer to Harwich from where the party will make a circular tour of England and Scotland.

The third party will follow practically the same itinerary, running at Havre and London, thence to Brussels and the Canadian battlefields by way of Neuve-Chappelle, Amiens, Doullens, Arras, Vimy Ridge, the Somme, Lille, Tourm, Mons, Cambrai, St. Quentin, Compiegne to Paris, where several days will be spent, then by way of Chateau Thierry, to Reims, Verdun, Luxembourg, and Treves, Cologne, Aix la Chappelle, Brussels, Antwerp, Amsterdam, The Hague, Rotterdam, and then by steamer to Harwich from where the party will make a circular tour of England and Scotland.

The third party will follow practically the same itinerary, running at Havre and London, thence to Brussels and the Canadian battlefields by way of Neuve-Chappelle, Amiens, Doullens, Arras, Vimy Ridge, the Somme, Lille, Tourm, Mons, Cambrai, St. Quentin, Compiegne to Paris, where several days will be spent, then by way of Chateau Thierry, to Reims, Verdun, Luxembourg, and Treves, Cologne, Aix la Chappelle, Brussels, Antwerp, Amsterdam, The Hague, Rotterdam, and then by steamer to Harwich from where the party will make a circular tour of England and Scotland.

The third party will follow practically the same itinerary, running at Havre and London, thence to Brussels and the Canadian battlefields by way of Neuve-Chappelle, Amiens, Doullens, Arras, Vimy Ridge, the Somme, Lille, Tourm, Mons, Cambrai, St. Quentin, Compiegne to Paris, where several days will be spent, then by way of Chateau Thierry, to Reims, Verdun, Luxembourg, and Treves, Cologne, Aix la Chappelle, Brussels, Antwerp, Amsterdam, The Hague, Rotterdam, and then by steamer to Harwich from where the party will make a circular tour of England and Scotland.

Blairmore, Alta., Thur., Feb. 23, 1898

WHY LINDBERGH?

Word comes from Ottawa that the
new flying field being established at
Ottawa is to be called "Lindbergh
Field." We wonder why?

Lindbergh is undoubtedly a great
aviator he has pierced the unknown
clouds between the shores of Europe
and America, he has established records for long-distance flying, he has

proved that he has the nerve of a
hero, but, after all, why should we
seek to honor such a hero of a for-
eign country by naming the first of
our flying fields after him when we
have Native Sons who placed their
names imperishable among the her-
oes of the Great War.

Canada had three Native Sons who
in the greatest struggle in the world's
history, fought for Canada and by
their wonderful deeds of heroism
earned the highest honors ever given
to any hero. When military flying
fields are to be established in Can-
ada, no name that they might bear,
would be more appropriate or carry
greater meanings than that of Bar-
ker, Brown or Bishop Field.

The Native Sons of Canada register
their strenuous objections to the
naming of these great military avia-
tion fields after celebrities of other
countries before the heroes of our
own country have been like honored
—The Beaver, Toronto.

NEW INCOME TAX TABLE

OTTAWA.—Now the 10 per cent
reduction in personal income tax pro-
vided in the budget will work out, is
shown in the following table issued
by Hon. W. D. Ester, minister of na-
tional revenue. The comparative
table indicates the savings to a mar-
ried person with no dependents.

Income—	1926 Tax	1927 Tax
1,000		
2,000		
3,000		
4,000	18.00	16.00
5,000	36.00	32.00
6,000	63.00	56.00

25,000	2277.00	2054.00

MILWAUKEE SETS UP

BIRD LUNCH ROOMS

When the first families of Milwau-
kee's migrant bird population return
from southern climes this spring,
they will find dinner ready and wait-
ing in the city parks. Brand new
lunch counters, exclusively for birds,
will be found at the courthouse
square, the public library and in fif-
teen parks.

The feeding stations, 100 in all,
are to be placed during the next few
weeks by a department store which
has given them to the park board to
teach boys and girls more about
birds and to encourage kindness.

Each station will hold a two weeks
supply of suet and other morsels and
the gift of the houses to the city in-
cludes a promise to keep them sup-
plied with food.

Other towns near by have heard
about the new bird "lunch counters"
and are writing the park board for
information.

C. E. E. Ussher, general passenger
traffic manager of the Canadian Pa-
cific Railway Company, died at Que-
bec on Wednesday, after a long and
distinguished service in the transpor-
tation business in Canada.

BLAIRMORE UNITED CHURCH
Rev. J. W. Smith, Pastor.

Serve the church that the church
may serve you.

Services for Sunday, February 26,
the Pastor in charge.

MORNING SCHOOL at 11 o'clock.
"Why are men like Moffatt and Good-
speed making new translations of the
Bible?" This question will be dis-
cussed in the Young People's Class.

AFTERNOON SCHOOL at 2.
Graded classes for boys and girls under
12 years.

EVENING WORSHIP at 7.15.
Singing, especially when it is bright,
cheerful, vigorous singing will cure
moodiness. It is good for the soul
as well as the mind. That is why we
have a song service every Sunday
evening. Be there at 7.15 prompt.

ANNOUNCEMENTS—Tuesday at
7.30 p.m., Y.P.S.

Wednesday at 7.30, Church Night
Prayer Service. What has the Chris-
tian Religion done for you? What
has it meant to you in the actual
battle of life in the struggle against
temptation and sin? What changes
has it brought about in your charac-
ter, your thinking, your living, in
your home, or in your attitude to the
community and to your work? These
are great questions. Think about
them and then come to the service.

THE PRINCE OF WALES' GIFT

So numerous were the letters re-
ceived acknowledging the peony plants
which the Prince of Wales had
distributed throughout Canada last
fall as a memento of his visit that
His Royal Highness has requested that
his formal acknowledgment to the
Bank of Montreal, through whom
the letters were forwarded to him,
be taken as constituting a general
reply.

It will be remembered that His
Royal Highness asked the bank to
undertake for him the distribution of
Canadian-grown peony plants to His

Excellency the Governor-General, the
Prime Minister and members of his
Cabinet, the Lieutenant-Governors and
Premiers of the provinces; also to all
cities, towns and incorporated
villages throughout Canada. The dis-
tribution was made through the
branches of the bank with the co-
operation and assistance of His Majes-
ty's mails and the hundreds of letters
received from mayors and other
public officials showed how greatly
the royal gift was appreciated. These
letters, conveying the thanks of the
various communities and expressing
loyalty and devotion, were bound in a
handsome portfolio and transmitted
by the Bank of Montreal to Vice-Ad-
miral Sir Lionel Halsey, Comptroller
of the Prince of Wales Household.

The following letter from Sir Vin-
cent Meredeth, Bart., to the Comptrol-
ler, dated from the Head Office, Bank
of Montreal, January 21st, accompa-
nied the portfolio:

"Sir—I have the honour to forward to you under separate cover for the
information of His Royal Highness,
the Prince of Wales, a portfolio con-
taining copies of the letters of appreci-
ation and grateful thanks for the gift
of peony plants that His Royal High-
ness so graciously sent to the cities,
towns and villages throughout the medi-
um of the branches of the Bank of
Montreal throughout Canada as a
memento of his visit to the Dominion
during its Diamond Jubilee Year.
Thanking the courteous and co-
operative of His Honourable the Minister
of Finance and the Honourable the
Postmaster General, the services of
His Majesty's mails were promptly
placed at our disposal and this great-
ly facilitated the distribution."

"With every sentiment of loyalty
and devotion to His Royal Highness,
I have the honour to be, Sir, Your
obedient servant,
(signed) VINCENT MEREDETH,
Chairman of the Board."

The remains of the late Malcolm
H. Baird were shipped by Saturday
night's express to Mitchell, Ontario,
where interment will take place in the
family plot.

An auction sale will be conducted by H. D. Gerry, auctioneer, on Thursday
evening, March the 1st, at the Green
Ranch, three miles west of Pincher
Station and four miles southeast of
Cowley. For particulars, see bills
just issued by The Enterprise.

W. T. EDDY,

Auctioneer, Lethbridge, Alta.

We notice that McCay's Codliver Oil people are advertising for fifty thousand skinny men, but don't be disappointed if we are absent next week and The Enterprise doesn't come out.

COWLEY HAPPENINGS

D. R. Molvor, of Stettler, was a Cowley business visitor this week.

Harold Nickle, who spent a few days the guest of M. A. Murphy and family, has returned to his home in Calgary.

A snow storm, which came up from the east, fell here all day Tuesday, and at present writing, Tuesday night, is still falling.

Among the local citizens who attended the trappers' ball at Macleod on Wednesday night were: H. D. McMillan, Henry Lemire, Jerald Smith, Brad Tustian, Eddy Baines and Miss Doris McEwen. They received a good time.

A five-hundred drive was held here on Wednesday night in the I.O.O.F. hall. The lucky prize winners were: Ladies' first, Mrs. Penn, of Lundbreck; gentlemen's first, Mr. Mundie, of Lundbreck; the boobies were awarded to Mrs. Wilfred Fortier and Mr. Long, of Lundbreck. An enjoyable evening is reported.

The annual meeting of ratepayers of Livingstone municipal district '70 was held in Cowley on Saturday last, Reeve McLean in the chair. The main business was nomination of three councillors. R. Lynch-Stanton and James McLean were re-elected by acclamation, while Councillor Hewitt is opposed by C. Farrant and polling will take place on Saturday next.

The financial standing of the municipality received close attention, and it was the opinion of the meeting that taxes raised in each division should be spent in that division, instead of giving each division an equal amount.

Tuesday evening, February 14, a company of thirty people, members of Chinook Lodge, A. F. & A. M., of Cowley, with some of their wives, paid a surprise visit to the ranch of Mr. and Mrs. Bert Connally, the newly-weds, north of Lundbreck. To those who may feel inclined to sympathize with the visitors, it may be stated that they took their eats along and only insisted on coffee being supplied, which was exceedingly good.

The evening until midnight was spent in singing, story telling, playing games and eating. Much hidden vocal talent was unearthed. A. M. Dennis, more of Lundbreck, on behalf of the lodge, presented Mr. and Mrs. Connally with a handsome case of silver tableware, suitably inscribed.

Mr. Connally, in accepting the gift on behalf of himself and wife, sincerely thanked the brethren and invited them to come back again as often as they liked, and who wouldn't?

Among those present were: Mr. and Mrs. J. A. Edwards, Mr. and Mrs. MacMillan, Jack Green, W. D. Smith, Evan Evans, A. G. Swart, Mr. and Mrs. A. M. Dennis, Mr. and Mrs. C. H. Mundie, Mr. and Mrs. W. Penn, Jack, Wilfred and Harvey Welsh, Mr. and Mrs. M. G. Smith, Mr. and Mrs. James Leigh, Mr. and Mrs. A. Beets, M. A. Murphy, Willie Mackay, H. D. MacMillan, Mrs. Porter and Sandy Thompson. This not being a regular meeting of the lodge, no minutes were recorded, but what happened would fill a large book.

The marriage of Miss Veronica Bobrofsky to Mr. Joseph Margelak was solemnized at St. Anne's church by the Rev. Father Harrington on Monday morning last. The bride and groom were attended by Miss Vlack and Mr. and Mrs. Joseph Kudlanek. The young couple have taken up residence in Blairmore.

Miss Mary Ostlund, a graduate of the Lethbridge high school, now a senior at Young University, Provo, Utah, has been picked as one of ten university students in the state for the round-the-world educational cruise. The cruise is called the "floating University" and only a limited number of students will be accepted. Miss Ostlund is the daughter of Mr. and Mrs. H. Ostlund, Fourth Avenue, and graduates in arts this summer.—Lethbridge Herald.

THE PASS FIFTEEN YEARS AGO

(The Blairmore Enterprise, 1913)

February 21.—Saturday last was pay-day in this district, when upwards of forty thousand dollars were distributed in Blairmore.

The eighth annual session of the Grand Lodge of Alberta, I.O.O.F., is being held at Calgary this week. The local lodge is being represented by F. W. Doubt.

The local Presbyterian congregation has decided to build a new church. Two sites were considered, one near the local telephone exchange building on Victoria Street, that is to be purchased for \$450, another a free site offered by the West Canadian Collieries, Limited, opposite the Putnam residence in the new townsite. Upon motion by Mr. Bigelow and Mr. Robert, the West Canadian offer was accepted.

Canada's formidable flotilla, the Rainbow, Nobe and Southern Cross, accompanied by John L. Sullivan, Uncle Ned, the members of the Blairmore ladies' hockey team and the Burma Gazak, all of which have seen their best days, passed out via the Old Man River on Tuesday. Some of the residents of this district suggested that the whole barn dance go down and help ex-President Diaz and the irresponsible Mexicans, or else proceed to Edmonton, to stand by and coach Charlie O'Brien in the event of his unconsciously making a proposal that might result in benefit to this, his riding.

Harry Merrifield last week performed the extraordinary miracle of climbing a ninety-foot spruce tree on snow shoes. About eighty employees of McLaren's lumber camps witnessed the feat.

C. E. Hiscocks entered upon his new duties as secretary-treasurer of the town of Blairmore on Monday.

February 28.—The annual meeting of the Blairmore Brewing & Malt Company was held on Saturday in the company's office. The directors received the sanction of the shareholders to borrow a sum not exceeding \$35,000 from the Royal Bank of Canada. The election of new directors resulted as follows: W. A. Beebe, Colin MacLeod, Fred Peltier and E. Morino. Three others are to be elected at the next regular meeting.

Patrick Kelly died suddenly at No. 2 camp of the McLaren Lumber Company on Sunday morning. Interment took place at Coleman on Tuesday.

The marriage of Miss E. J. Davies, former Blairmore teacher, to Mr. John Gaskill Smith, formerly of Blairmore, took place at Niagara Falls on February 12th.

A notice in this week's issue of The Enterprise announces the dissolution of the partnership between Thomas Frayer and D. A. Sinclair.

Mrs. C. J. Tompkins and little daughter Helen are spending a few weeks in Spokane, guests of Mrs. H. T. Lloyd.

Miss Ethel Welsh, formerly postmistress at Lundbreck, has accepted a position in the office of the 41 Meat Market at Coleman.

L. H. Putnam this week moved into his fine new residence on Third Avenue north.

The Scotchman who offered a prize to the first person to swim the Atlantic has recently announced that the winner must swim the distance under water.—Carnegie Puppet.

"Had a terrible nosebleed last night, Sandy."

"Hoo come, Mac?"

"Went to the theatre, and the altitude affected me."—Webfoot.

A Scotchman once walked into a department store with a dozen chorus girls. "Go ahead and buy anything you want," he said. That's right, laugh. This is a joke.—Dartmouth, Jack o'Lantern.

"AREN'T I?" OH, NO!

Disciples of greater flexibility in the English language now ask the literary world to accept "Aren't I?" as a fit and proper substitute for "I'm not." Sticklers for purity, of course, are shocked at the suggestion, while even the great army of followers of "Ain't I" express their disgust over a proposal that is based upon no more legitimate grounds.

"Am I not?" is declared to be too cumbersome by such an authority as Prof. Samuel Moore of the University of Michigan, who has thrown the mantle of his approval upon "Aren't I?" and thereby given it a status it has not hitherto enjoyed. "Ain't I" appears in most dictionaries, but apparently with no idea of giving it any standing, as it is knocked down as speedily as it is set up with the significant little battery of italicized words: "colloquial or illiterate."

But "Aren't I?" as a contraction of "Am I not?" presents something analogous to a grammatical anamorphosis. How "Am I not?" can be squared down into "Aren't I?" passes the average understanding. Placing a perfectly good "Am I not?" in a letter-press or similar device and subjecting it to several hundred pounds' pressure, an experimenter would find, if he found anything at all, not an "Aren't I?" but either the ancient and offensive "Ain't I" or a peculiar-looking and certainly no less offensive "Am't I?"

Thus far no outstanding authority on the English language has boldly come forward with an endorsement of "Ain't I?" as an economical substitute for "Am I not?" And yet a quasi approval has been given to such a transparent distortion as "Aren't I?", which, to use a colloquial expression, "hasn't a leg to stand on" when it is submitted to the most casual grammatical test.—Christian Science Monitor.

Lewis E. Franklin has surrendered to the Drumheller police, confessing the murder of a man named Gaul who was shot on a farm near Rosedale. The eternal triangle is said to be responsible for his rash act.

Many a bachelor, of arts paternities, is finding that a lingering memory that Gaul was divided into three parts isn't sufficient in helping the illos and ilias with their Latin.—Christian Science Monitor.

Jasper's winter carnival was officially opened yesterday by His Honor Lieutenant-Governor Egbert.

"Go West, young man, go West," a noted North American once advised a young friend who sought his guidance. "Come East, young man, come East," will be better advice to a young Canadian when the steel-and-expansion that is bound to follow Holt-Gundy control of Bacco grain fairly under way.—Sydney Record.

In clean, bright Aluminum.

A Forward Step

The development and growth of Canada politically, economically, in commerce and finance, in production from its natural resources of the field, the forest, the mine, and the waters of the Dominion has, during the first sixty years of Confederation, been most gratifying. This is now fairly generally recognized. It is also the general belief that Canada is just entering upon a still greater era of expansion and development in many directions leading to a greater growth and larger prosperity.

The question, however, which to an increasing extent, is calling for serious consideration is: What policies should be adopted and steps taken to insure that this future development shall proceed along lines that will result in building up a strong nation, and in such a way that maximum benefit from such development shall accrue to the whole people of the Dominion?

During the pioneer stage in any country's development it is inevitable that the people devote their energies largely to the production of primary articles, largely raw materials. But with increase in population, the provision of adequate means of transportation, and the accumulation of wealth, a country should move forward in the work of not only producing such raw materials in increasing quantities but in utilizing them in the manufacture of finished articles.

It is important that crude methods in production of raw materials be discarded for those best calculated to give larger quantities, better qualities, and at lower costs; that all possible waste be eliminated; that as many products as possible be reclaimed, and that use be made of low-grade and off-grade materials. It is perhaps of even greater importance to ascertain the nature of pests and other agencies which now operate to destroy our raw materials at their source, and to discover effective means for their eradication.

The discovery of all these things can best be brought about through the painstaking effort of the expert in scientific research. Such work may require years of study, investigation and experiment. In many, perhaps most, cases it will call for laboratory and other expensive equipment. In the past Canadians have not fully appreciated the importance of such work, and as a consequence have not been prepared to provide the necessary public funds to carry it on. As a people we have been so busy attending to our own particular problems, and demanding immediate solutions of them, that we have been impatient or ideas based on long and expensive scientific research. As a result, Canada today lags behind other nations in this respect, nations which have not nearly the wealth of natural resources calling for development which Canada possesses.

It is, therefore, highly gratifying to learn of the action of the House of Commons in unanimously adopting a resolution favoring the establishment of a National Research Institute by the Dominion Government, and of an announcement by the Government of its intention to proceed with the erection of the new National Research Institute building on a ten acre plot at the central experimental farm at Ottawa.

Last year, it is stated, Canada spent \$250,000 for research as compared with \$50,000,000 by the United States, and \$23,000,000 by Great Britain. This year the Government will, on the recommendation of the Research Council, increase the vote for research work to \$750,000, and the Minister estimated that three million dollars would be required during the next five or ten years to construct and develop laboratories.

In this way the splendid work initiated by many of our Canadian universities, assisted by private capital, will be supplemented, and the whole work of research in Canada co-ordinated and developed. When it is realized that Canada is estimated to be losing at least twenty million dollars a year through grain rust alone, the possibilities of gigantic gain through research work can be grasped. A few millions a year spent in research work may easily mean a gain of ten times as many millions through discoveries made.

Preparing Reception

For British Party

Empire Parliamentary Association To Visit Canada This Summer

Details for the reception this summer of the Empire parliamentary association are now being completed. It is understood that a party of about 50 members of parliament from Great Britain will take part in the tour of Canada, accompanied by some members of the parliament of Canada.

The British party will arrive in Quebec on August 25. They will visit Montreal, Toronto, Niagara Falls and spend two days in Winnipeg about September 4 and 5. Saskatoon, Edmonton, Jasper, Vancouver, and Victoria are included in the trip. West, Coming East there will be visits to Lake Louise, Banff, and to the EP Ranch near High River, Calgary and Regina.

According to Pliny, Cato believed that husbands started kissing in order to determine whether their wives and daughters had been drinking wine.

"A Babe in the House is a Well-spring of Pleasure."

St. Catharines, Ont.—"During motherhood I was all round, nervous and weak, when, upon advice, I began taking Dr. Pierce's Famous Prescription. It strengthened me, quieted my nerves and relieved me of all trouble. I kept well and had a fine, big, healthy baby—he has scarcely had any sickness.

Francis Bouchard, The "Favorite Prescription" was so helpful to me that I believe it is the only medicine for the sick. Price, 25c. Cordon Bouch, 33 Wiley St.

Prince Has New Title

Asked To Assume Title Of Master

The Prince of Wales has an addition to his already numerous titles, King George having asked him to assume the title of Master of the Merchant Navy and Fishing Fleet.

His Majesty has been for some time considering what steps can be taken to bring the merchant navy and fishing fleet into line with other great services of the Empire by having as the titular head some member of the royal family.

Persistent Asthma. A most distressing characteristic of this debilitating disease is the persistence with which recurring attacks come to sap away strength and leave the sufferer in a state of almost continual exhaustion. No wiser precaution can be taken than that of keeping at hand a supply of Dr. K. H. Keeler's famous remedy, famous as the most positive remedy for eradicating the disease from the tender air passages.

A Courteous Hint

Michael Arlen is the hero of the following story. Some time ago he was invited to spend four days at a beautiful old-world castle in the south of England. Mr. Arlen was so charmed with the place that he remained for a week. On making the butler responsible for his "little indiscretions" and would you like a book?" The novelist promptly replied that he would. The book arrived with almost equal promptitude. It was a railway time table!

Youth is unreasonable as long as it remains youth. The curious thing is that when it passes over into middle age it is at once very much surprised to find that youth is still unreasonable.

Japan has converted an antiquated warship into a naval museum.

Minard's Liniment relieves pain.

Discuss Coal Subsidy

Subsidy To Railways For Transporting Alberta Coal Should Come From Dominion Government Any subsidy to the railways for transporting Alberta coal to Ontario should come from the Dominion Government and not from Ontario, said Premier G. H. Ferguson in the Ontario legislature, in reply to a question of J. G. Lethbridge, Progressive leader.

Mr. Lethbridge asked what the attitude of the government was in view of recent suggestions made in the press. Mr. Ferguson pointed out that the railways wanted \$9 a ton whereas the actual cost as determined by the railway board was \$7. The real cost, he thought, was nearer \$6.75. There was no suggestion, said the premier, that if the Dominion government would contribute a subsidy of \$1 a ton, the province of Ontario and Quebec should join in providing another dollar.

HOW DELICATE GIRLS ARE MADE STRONG

Rich, Red Blood Needed To Keep Up Their Vitality

It should be borne in mind that pale, bloodless girls need plenty of nourishment, plenty of sleep, and regular out-of-doors exercise. But a girl's blood vessels are so delicate they tend to hinder progress. To save the weak, thin-blooded sufferer, she must have new, rich blood, and nothing but the best of foods will do. If Dr. Williams' Pink Pills. These pills not only enrich and increase the blood supply, they help the appetite and digestion, relieve the heart and lungs, and bring new health and strength and transforming anaemic girls and women into cheerful, happy people.

The value of Dr. Williams' Pink Pills in the case of anaemic girls is proved by the case of Miss Lucy Stoddart, Margarete, N.S., who says: "At the age of 12 to 15, I was an anaemic, constipated, very thin and nervous, had no appetite and had no desire to take part in the doings of those of my age. My mother got some of Dr. Williams' Pink Pills for me, but they did me very little good. Then Dr. Williams' Pink Pills were recommended and almost from the first they seemed to work. Just what I needed to restore my strength. After taking the pills for a time I felt an altogether different girl. I got up in the morning feeling bright and active, and full of energy. Since then I have always taken a couple of boxes of Dr. Williams' Pink Pills in the spring as a tonic and have them kept in the best place.

Every girl should promptly follow the example of Miss Stoddart, feeling sure that the pills will renew her health. You can get the pills from your druggist in boxes of 60 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Book On Manitoba Place Names

National Geographic Board Has This Work In Hand

The National Geographic Board will commence immediately to gather information for a booklet on place names in Manitoba. A booklet covering Alberta is now on the press and will be issued in a few days.

R. Douglas, the secretary of the board, stated that the Manitoba booklet will cover the lakes, rivers, cities, towns and historic sites of the province, giving the history and meaning of each name. W. J. Healy, the provincial librarian, is the Manitoba representative on the board and will assist in the work, which, it is expected, will require about one year.

The most obstinate corns fail to respond to Holloway's Corn Remover. Try it.

Polly: "Did you see the aurora borealis last night?"

Dolly: "No, I haven't been to a show all week."

The boiling of water removes very few of its chemical impurities, but it does kill the germs.

The "Flu"

LEFT HER WITH A VERY WEAK HEART

Mrs. Beulah Diamond, Pleasant River, N.S., was recently transferred with the "flu" a few years ago, I was left with a very weak heart.

"I was unable to go about, and could not do my housework,"

"I had many dizzy spells and would have to go and lie down."

"I could not sleep at night as the least little noise would wake me up, and I would have to get up and lie down, but they seemed to do me no good."

SUBSTANTIAL CUT MADE IN INCOME AND SALES TAX

Ottawa.—Before packed galleries and an eager attentive House, Hon. J. A. Robb, Minister of Finance, submitted his fifth budget.

Last year Mr. Robb had a ten per cent. reduction in all personal income tax rates to announce. Recently he announced another ten per cent. reduction in income tax rates with exemption of \$500 to those supporting dependents over 21 years of age incapable of self-support on account of mental or physical infirmity.

He announced a reduction to eight per cent. in the tax on corporations. The present rate is 8.1 per cent.

He announced a reduction of 25 per cent. in the sales tax, bringing the rate down from four to three per cent.

He estimated his tax reductions would amount to \$19,000,000.

So far, Mr. Robb's taxation changes created little surprise. But in another respect there is comment. Expectation was general that he would announce a reduction both in the excise duty on cigarettes and in the import duty on liquor. But in neither case had Mr. Robb any reduction to announce.

Tariff proposals cover a pretty wide field. Cottons, woollens and textiles come under review. There are changes affecting printing and publishing, fruit and horticulture, fishing, road-making, aviation, "mechanics" tools, the salt industry. There is a change in regard to the general application of the British preference. At present Canada requires that imports, to enter under British preferential rates, shall be 25 per cent. Empire labor and materials. Mr. Robb proposes to double that percentage.

Reviewing the country's finances, Mr. Robb estimated that for the fiscal year ending March 31 next he would have a surplus of \$54,515,000. Deducting \$16,000,000 written off advances to soldier settlers, Mr. Robb estimated his net debt reduction at \$38,000,000.

Suggests New Scheme To Secure Settlers

Sir Henry Thornton Advocates Higher Freight Rates To Ontario Funds

Toronto, Ont.—The raising of \$20,000,000 annually by increased freight rates on the part of both the Canadian National Railway and the Canadian Pacific Railway, to be administered solely in the prosecution of a vigorous immigration policy was a scheme which Sir Henry Thornton, chairman of the Canadian National Railways, outlined during a speech at a dinner of St. Andrew's Masonic Lodge here. Sir Henry stated that if freight rates were increased on an average of five per cent. it would yield to both the C.N.R. and the C.P.R. an additional \$20,000,000 each year. "If both railways joined hands in raising that fund for the encouragement of immigration," he declared, "we would make infinitely more progress in the future than in the past."

The speaker stated that there were 300,000 experienced farmers who would come to Canada, if they had properly prepared farms waiting them.

"We can bring those 300,000 experienced farmers here and then hundreds of thousands of boys and men from the motherland," he declared. "That represents the kind of thing on which we ought to spend our money."

Will Represent Canada

Lieut.-Col. Vanier On Advisory Committee Of League

Genoa.—The League of Nations has been officially informed by the Ottawa Government that Lieut.-Col. G. F. Vanier will represent Canada on the permanent advisory committee of the League of Nations for military, naval, and air questions.

As a member of the council, Canada has the right to this representation of a committee which doubtless will play an important role in the forthcoming disarmament negotiations here.

Says Flights Not Hazardous

St. Louis, Mo.—Informed of the intention of Secretary of War Davis, to request him to stop all stalling, Colonel Charles A. Lindbergh replied he was perfectly willing to sacrifice his life if he should happen to be killed in the work he is doing. "I don't consider what I am doing hazardous flying in the sky, I have taken unnecessary risks," he said.

Budget Summary

Some Details Of The Budget Presented By Minister Of Finance

Ottawa.—Here are the high lights of the budget presented to the House of Commons by Hon. J. A. Robb, Minister of Finance:

Tax Reductions.—Income tax, ten per cent. reduction in personal income tax. Tax rate on corporations cut to eight per cent.

Under the new income tax schedules, \$500 exemption will be allowed for mentally or physically incapacitated persons over 21 years of age.

Sales tax: Twenty-five per cent. reduction, i.e., rate cut from 4 to 3.

All tax reductions are effective Feb. 17, and reduction in income tax applicable to taxes payable on income for last year.

Tariff: Reductions: Cottons, material reductions in large range household cottons. Rates lowered on yarns, British preference widened.

Woolens: Duty reductions in mitts and all but more expensive lines of underwear, socks, stockings. Yarns for weaving free. Preferential duty reduced on woolens goods imported in gray for dying and finishing.

British preference rates under graded reduced, same reduction lines of fax and duty produced.

Textile machinery: On large part imports, British preference duty reduced from 10 to free; intermediate, 10 to 5.

Reductions in duty on press blankets, flake calcium chloride, for road treating; non-alcoholic preparations for disinfecting, etc.; crude petroleum for refining free till July 1, 1931; rates on parts for fishing boat engines reduced; nickel chromium for making electric resistance wire free.

Drawbacks: Eighty per cent. on certain kinds of magazine paper.

Ninety per cent. on bituminous coal for melting or evaporating salt.

Sixty per cent. on material used in manufacture of various tools when at least 50 per cent. of production cost incurred in Canada.

Fifty per cent. on material used in aeronautics. After July 1 no drawback unless 40 per cent. of cost of production incurred in Canada.

Present duty on aircraft engines extended until July 1, 1930.

Co-Operation Urged In Weed Control

Federal and Provincial Departments Should Work Together On Government Lands

Ottawa, Ont.—During the discussion of a vote in the House of Commons of \$75,000 for seed, feed, and fertilizer control, G. C. Coote, U.F.A., Macleod, informed the Minister of Agriculture that in Western Canada there was quite a problem growing from the growth of weeds on Government lands. He suggested that the minister might spend a little of the money of the appropriation in eliminating these noxious weeds from government property. The farmers themselves could not go on the Dominion lands in order to do this work.

Hon. R. R. Bennett, Opposition leader, said that Mr. Coote had raised a very important point. He urged the Department of Agriculture to endeavor to co-operate with the provinces in such matters. The minister said that the question of overlapping the administration of such departments with provincial affairs was being eliminated. The minister told of the efforts being made to combat the weed problem. The vote then

passed.

Hon. R. R. Bennett, Opposition leader, said that Mr. Coote had raised a very important point. He urged the Department of Agriculture to endeavor to co-operate with the provinces in such matters. The minister said that the question of overlapping the administration of such departments with provincial affairs was being eliminated. The minister told of the efforts being made to combat the weed problem. The vote then

passed.

Seeking Altitude Record

British Plane Would Have To Ascend Eight Miles

London.—The Air Ministry soon will make an attempt to gain for Britain the air altitude record. A secret plane which was built for the attempt has been removed from Bristol, where the effort originally was to be made, to South Farnborough.

Air Service planes will be used to control the small Bristol biplane will be used. To beat the present record it will be necessary for the plane to ascend about eight miles.

Woman Pastors Favored

Ottawa.—Approval of the general principle governing the ordination of women into the ministry was given by the Ottawa Presbytery of the United Church of Canada in session here. The Presbytery, however, decided that at the present time it was not expedient to introduce the matter for adoption by the general council.

For the purpose of developing foreign markets for Indian goods, the Indian government is sending a trade commissioner to many ports of the world.

Soldier Settlers' Lands

Re-Evaluation Results In Many Reductions Being Granted

Ottawa.—Here are the high lights of the budget presented to the House of Commons by Hon. J. A. Robb, Minister of Finance:

Ralph Fazio returned to Wayne by Tuesday's local, after a week's visit here.

A new son has arrived at the home of Mr. and Mrs. Angelo Altomare at Fernie.

An advertisement in one of our exchanges reads: "Wanted—Man to milk and drive Ford car."

Dr. Gordon Wells, who has been visiting his old friend, Dr. Reinhard at Bellevue, has returned home to North Dakota.

The city council of Red Deer struck a rate of 55 mills on the dollar for 1928 taxation, being an increase of one mill over last year.

Steve Bassetti, former proprietor of the Alberta hotel here, has leased the Brant Hotel and is making application for a beer license.

An Edmonton man was recently sentenced to six months in jail for whipping his wife with a shoe lace. If he had used the rolling pin he might have got off scott free.

The captain and fifteen members of the crew of the United States oil tanker Chuky were killed or drowned when that ship was blown up in mid-Pacific on Wednesday last of week.

Vimy Chapter No. 52, Order of the Eastern Star, will hold a St. Patrick's tea in the Lodge Hall on Saturday, March 17th, from 3 to 6 p.m., together with a home-cooking and apron sale.

Mrs. (Rev.) J. B. Francis, of Ponoka, has been called to her home in Vancouver, owing to the very serious illness of her mother, Mrs. J. A. Marke, formerly of Red Deer. Rev. and Mrs. Francis formerly resided at Frank.

Dr. C. G. Reinhard, assisted by Miss Hodge and Mrs. Walker, entertained at a very enjoyable dance at the hospital, Bellevue, on Wednesday evening of last week. The house was beautifully decorated with valentines.

A delicious buffet supper was served. Mr. and Mrs. Salt, Mr. Johnson, Mr. F. Smith and Mr. Altham contributed in a great measure to the enjoyment of the evening with delightful music. The invited guests were: Mr. and Mrs. Vissac, Mr. and Mrs. G. Steeves, Mr. M. Johnson, Dr. H. B. Hoar, Miss Rebar, Blairmore; Mr. and Mrs. Stevenson, Mr. and Mrs. Westrup, Mr. and Mrs. Smith, Mr. and Mrs. Altham, junior, Mr. and Mrs. Altham, senior, Mr. and Mrs. Salt, Hillcrest; Mr. and Mrs. Barbour; Mrs. Price, Mrs. Piard, Bellevue; Dr. and Mrs. Borden, Dr. Stewart, Mr. and Mrs. W. L. Rippon, Mr. and Mrs. J. S. McLeod, Mr. R. E. Barnes, Mr. and Mrs. A. M. Morrison, Mr. and Mrs. Devine, Coleman; Mr. K. Tandy, Daysland; Dr. Wells, North Dakota. Mr. Stevenson, Miss Hodge, Mr. Morrison and Mrs. Walker, danced a Scotch reel much to the delight of all present. An "Affinity Dance" was an attraction of the evening.

"You should be more careful and pull your shades down at night. Last night I saw you kissing your wife."

"Ha, ha, ha! The joke is on you. I wasn't at home last night." — The Office Cat.

The play, "Fifty-Fifty," is being repeated at Hillcrest tomorrow night by special request. This play has been staged on several occasions locally by Bellevue and district talent and is very popular.

B. Morabito has quit his shoe repairing business at Bellevue, and with his family has moved to Creston, B.C., where he will follow his trade. He had been a resident of Bellevue for a number of years.

The New York Evening Post remarks that the real estate firm that refuses to hire flappers and employs none but elderly women deserves to be congratulated upon its ability to distinguish between them.

Death last week claimed an elderly Pass resident in the person of Mrs. McCulloch, of Coleman. The remains were laid to rest at Bellevue, the funeral service being in charge of Capt. Hind, of the Salvation Army. Mr. Alex. McCulloch, of Lundbreck, is a son.

Application will be made at the next sitting of the parliament of Canada, by a company to be known as The Alberta, Peace River and Pacific Railway Company, for the right to construct a railway running practically parallel with the C.P.R. from Lethbridge to Edmonton, thence on into the Peace River district.

Dierdre Conway gave a party on the occasion of her seventh birthday, on February 2nd. A number of her friends were present and they thoroughly enjoyed themselves from 4 to 7 p.m. Dierdre officiated at the cutting of the birthday cake, which was decorated with seven candles. Mrs. Wheeler and Miss Minnie McNaughton assisted Mrs. Conway—Jasper Signal.

Local and General Items

Mrs. W. A. Vaughn left on Saturday on an extended visit to points in Northern Carolina.

Mr. N. H. Bradley, of Lethbridge, has been elected chairman of the Lethbridge branch of the Alberta Engineers' Association.

Mr. and Mrs. J. McAndrew, James Turnbull, W. L. Evans, Murdoch McInnon and W. W. Scott accompanied the hockey juniors to Calgary.

Twenty-one lives were lost when a small ferry, overloaded with passengers, took a header into the deep in San Francisco Bay on Friday last.

A whist social will be held in the Lodge Hall on the night of Wednesday, March the 14th, under the auspices of the Crews of Crowne Rebekah Lodge.

Elsewhere in this issue will be found an advertisement in connection with the auction sale to be held at C. Stevens' ranch at the South Fork on March the 3rd.

The little town of Hillcrest is shortly to have its fourth meat market. Mr. Harry Orr, for some years in charge of Smith Market Co.'s branch store at Hillcrest, has decided to go into the business on his own, and is resigning his present position.

An exchange remarks: A Vancouver dentist stopped a man on the street and took away a set of false teeth that had not been paid for. We don't like this procedure. What would happen if the tailor was to commence such practice?

The shields offered by Major W. B. Burnett, of Lethbridge, for competition among the I.O.O.F. Encampments of the province, were won for last year by Medicine Hat and Wetaskiwin, respectively.

In a snappy exhibition of hockey played at St. Moritz, the Varsity Grads, of Toronto, Canada's Olympic representatives, defeated Sweden 11 to 11 in the final game for the world amateur championship.

The Alberta Liquor Control Board showed net profits from liquor sales in 1927 of \$2,038,622, while the Dominion collected customs and excise duties on liquor in 1927 of \$2,545,400. The gross sales totalled \$4,558,849.

At the recent annual meeting of Crows' Nest Chapter, I.O.D.E., the following officers were elected for 1928: Hon. regent, Mrs. F. M. Pinkney; regent, Mrs. S. S. McKay; vice-regent, Mrs. W. Howie; second vice-regent, Mrs. Archer; secretary, Mrs. H. Pinkney; treasurer, Mrs. A. Smith; Echoes secretary, Mrs. K. Duncan; standard bearer, Mrs. J. Baird.

Practically all the Welsh folks in the Crows' Nest Chapter—and many others who would like to be Welsh, including the Scotchmen—will assemble at Hillcrest Union Hall on Thursday next to celebrate St. David's Day. This will be one of the biggest and most interesting events of the season, as upwards of one hundred invitations have been issued.

An old lady was out riding with her son and his wife. Presently they came to a group of buildings surrounded by a high stone wall.

"What is that, son?" she asked, pointing to the buildings.

"That is the state insane asylum, mother!" explained the son.

Next they came to a golf course, adjoining the asylum, which was well populated with the Sunday crowd.

"Oh, isn't that nice of them to let the poor crazy people out into the pasture!" exclaimed the old lady. "But they do act queer, don't they?"

John A. Woolf, father of J. W. Woolf, M.L.A., died at Logan, Utah, on Monday night.

The regular monthly meeting of the Blairmore Board of School Trustees will take place tomorrow night.

Mrs. A. Bassetti, of Brant, formerly of the Alberta hotel here, was a visitor with friends here during the week.

Mrs. G. H. Snod returned this morning from Edmonton, where she had been a hospital patient, very much improved in health.

Walter Blinn and A. Phillips, of the McLaren camp staff, left this week for the east, going as far as Nova Scotia, where the former will visit relatives for a couple of weeks, and where the latter has been called owing to the serious illness of his mother. Walter visited his homestead interests in the northern part of Saskatchewan enroute.
